

## TENTATIVE PLANS FOR MAY HEALTH EXHIBIT MADE

Educational Displays and Posters to Be Exhibited—Children Under School Age Examined For Physical Defects

WILL BE HELD MAY 17 TO 19—PLACE NOT YET SELECTED

Tentative plans for a health exhibit to be held here on May 17-18-19 have been made, according to Miss Wilhelmine Marx, general chairman of the work. Educational health exhibits and posters will be on display. Children of the pre-school age will be examined so that possible physical deficiencies may be corrected before they enter the public schools.

The building in which the exhibition will take place has not been decided upon. It is thought, however, that the vacant Shelburne building may be used, this depending on whether or not the walls are papered before the opening date of the event.

Children from two and one-half to six years of age will receive examination. Local physicians will conduct the examination. Parents who have children for examination are requested to have them registered before May 14, the closing date of the registration. Children may be registered by calling the office of Chas. G. Smyth over the Miss Edith Hart who is employed at telephone.

All the committees have not been named. Miss Marx is, by nature of her office as general chairman, a member of each committee. The incomplete list of committees follows:

Place, G. H. Talbott; equipment, Chas. G. Smyth and G. H. Talbott; program, Mrs. J. W. Charlton; parade, Charles Blackburn; scoring, Miss Hettie Gordon; prizes, Mrs. F. D. Hart Jr., and Mrs. John Chesney.

The exhibit will be financed by the local Red Cross chapter. Miss Marx, local Red Cross nurse, will leave Saturday for Louisville where she will assist in the national health exhibit which will be held there all next week.

## OPEN NEW GOLF COURSE MAY 2

Directors of Country Club Authorize Increase of Fifty in Membership

A new golf course will be opened at the Country Club links on Saturday May 12, according to John Miller, secretary of the club. Water mains will be laid to the greens and construction work will be completed by that time, it is thought.

Directors of the club have authorized an increase of fifty in the membership. The resident membership limit which was 100 has been full for some time and it is thought that several more members will come in now that the limit has been raised. The club has fifteen non-resident members.

## DR. DOUGLAS EXPECTS TO BE HERE NEXT WEDNESDAY

A letter from the Rev. Rutherford L. Douglas received this morning from C. A. Blackburn, states that the latter is making all preparations in regard to moving and that he expects to be in Middlesboro to conduct prayer meeting service at the Presbyterian church here, his new pastorate, next Wednesday night. However, he says that Mrs. Douglas has been ill again and, unless she is better they may not be able to come so soon.

The Rev. Douglas will conduct his first regular service as pastor of the local Presbyterian church, one week from Sunday May 6.

## MIDDLESBORO TONIGHT

"The Prodigal Son" sermon subject evangelist at Christian church, 7:30 p.

Encampment No. 80, I. O. O. F. regular meeting tonight.

Royal Order of Lions meeting tonight.

"To Have and to Hold," Manning Theatre, 7:30 and 9 p. m.

## Lady 'Betty' Becomes Duchess of York

DUKE AND DUCHESS OF YORK

## DUKE OF YORK AND LADY ELIZABETH ARE WED TODAY

Ceremony Performed in Westminster Abbey With Mid-Victorian Pomp Amid Tumultuous Demonstrations of Throgs

BRITISH THINK NEW DUCHESS MAY SOME DAY BE QUEEN

By Associated Press  
LONDON, Apr. 26.—Albert, Duke of York, was united in marriage with Lady Elizabeth Bowes-Lyon in solemn old Westminster Abbey at noon today, with pomp reminiscent of the Mid-Victorian era and amid the tumultuous demonstration of vast throngs that gathered to witness the wedding pageant.

LONDON, April 26.—When the British kings second son, the Duke of York, led Lady Elizabeth Bowes-Lyon to the altar today, the event had extraordinary interest because there is an increasing feeling that his wife will some day be queen of England.

Britons are more and more inclining to the belief that the handsome and tremendously popular Prince of Wales has decided to be a bachelor. At any rate, he is still heart-whole and fancy-free at an age when most

## BUSINESS SITUATION MAY GROW GRAVE

Bankers See Danger of Mistakes Following War in Higher Wages and Prices

By Associated Press.  
RUE, N. Y., Apr. 26.—Danger of overconfidence in the present business situation leading to a repetition of the mistakes committed by the business world following the war were pointed out in a report of the economic policy committee to the executive council of American Bankers Association here today. The committee looks "with concern upon the strong upward swing of wages and prices in many lines."

## PRELIMINARY HEARING OF BAKER'S SLAYER MONDAY

Preliminary hearing for George Woody, charged with killing William Baker Sunday night, will take place at 9 o'clock Monday morning before Judge J. S. Bingham. The judge was in town today for the purpose of hearing the trial but the case was postponed until Monday.

heirs to a throne are married and leaving a family.

Lady Elizabeth, immediately upon her marriage, will become fourth lady in the land. At all informal or state affairs she will rank only after Queen Mary, the Dowager Queen Alexandra, and Princess Mary, Viscountess Lascelles.

There is every indication that the duke and his bride will be increasingly popular with the British people because of his genuine interest in industrial reform and she because of her good looks and pleasing ways.

The duke who is 28, has been trained both in the navy and in the air force. He is rather democratic in his ways and delights in learning first-hand what are conditions in big industrial plants. He is no lover of official fuss and feathers.

The duke has no property. His allowance of \$50,000 a year from the state was increased to \$125,000 today. His bride has no fortune either, so the couple will have to keep up their princely rank and perform all their public duties out of the prince's official allowance.

The duchess is the type of pretty girl who often does not take a good picture. She's not very tall, has dark hair and deep blue eyes and the pink complexion that is her heritage from her Scotch blood. She is well read, sings a bit, plays the piano, golfs only slightly, but is a keen dancer and tennis player.

## PUBLISHERS REFUSE UNION CONTRACT

Union Printers and Mailers Want New Rule Contracts Made and Expire Jointly

By Associated Press.  
NEW YORK, Apr. 26.—Members of the American Newspaper Publishers' Association today agreed not to negotiate contracts with union printers or mailers in compliance with the new amendment to the constitution of the International Typographical Union which provides such contract be made jointly and expire concurrently.

## STATE ENGINEER TO BE IN MIDDLESBORO MAY 1

An engineer from the state highway commission will be in Middlesboro about May 1 to check up on the East End paving work which will be done jointly by the city and the state, according to a communication recently received from the state by city officials. It was found impossible to send the engineer that the commission had intended to send and this was given as the reason for the delay.

## MAY 6 STATE GO TO S.-S. DAY

Cooperation of Every Sunday School in Bell County For Observance of Day Urged

May 6 is Go-to-Sunday-School Day throughout the state and the Bell County Sunday School Association is doing as much as it can to observe it. C. A. Blackburn, secretary of the county association, urges that every Sunday school in the county stress coming to Sunday school on that day.

The objectives of the day are listed as follows:

To encourage regularity and punctuality of attendance among Sunday school members in every Sunday school in Kentucky.

To concentrate for a period of several weeks the efforts of superintendents, teachers and Christian pupils upon the work of leading pupils and friends to acceptance and public confession of Christ as Savior.

To bring into the Sunday Schools of Kentucky as many new pupils as the churches are able to teach.

To create a greater interest in the work of the Sunday school and to bring a large number of visitors to the church and Sunday school service on Sunday, May 6th.

To unite the Sunday school people of the state in a definite program for the extension of the Kingdom of Christ by building up larger and better Sunday schools.

## CHRISTIAN CHURCH HAS BIG REVIVAL SERVICE LAST NIGHT

Decidedly the best service yet in the evangelistic series being conducted at the Christian church, was the meeting conducted last night. The church was so crowded that chairs had to be placed down the aisles to accommodate those who came to hear the Rev. Joel Lee Jones preach on "A Woman and Her Money."

The sermon subject tonight is "The Prodigal Son," and this service promises to be a big one, too. A delegation from Pineville will attend the service and the Oddfellows will come in a body. Sections of the church have been reserved for each of these bodies.

After the regular service last night, a meeting of the church members were held plans to further the revival to the best advantage were discussed and the various committees were assigned work. Much enthusiasm is being shown in the revival.

## CHANGE IN TIME L. AND N. TRAINS

Daily Passenger Service to Clover Fork No. 11 to Arrive Fifteen Minutes Earlier

Notice of a change of time in some of the trains on this division was given in a letter received today from C. W. Bailey, L. and N. freight agent. The announcement follows:

Effective April 29 1923, at 12:01 (this company will issue a new time table indicating schedule of trains on this division. This time table will change the schedules of some mail and passenger trains. It will indicate the extension of passenger service daily on the Clover Fork Branch to Louellen, Ky., and a number of the passenger trains on the Clover Fork, Martin's Fork and Catron's Creek Branches. The time of train No. 11, will be changed to arrive at Middlesboro at 12:40 p. m. instead of 12:55 p. m., as at present.

## MEETING BAND MEMBERS ASPIRANTS CALLED TONIGHT

A meeting of Middlesboro musicians who wish to become members of the band now being organized will be held at the city hall at 7 o'clock tonight, according to Anthony L. Biscaglia who is in charge of the work.

Mr. Biscaglia says that a thirty-five piece band will be organized and that in a few weeks the members will have enough practice for public performance. Several business men have signified their willingness to financially back up the organization.

## CLEAN UP PROGRAM PROGRESSING WELL

Back of Furnace Section to Receive Attention Tomorrow—Cases of Filth Noticed

The section back of the furnace will receive the attention of the city cleanup workers tomorrow. This includes Ellenwood, Englewood, Leafwood, Fleetwood and Lynnwood roads, blocks 310 to 710 inclusive. Residents of this section are requested to have their rubbish collected in piles and to telephone the city hall so that it may be hauled away by the city draymen.

A noticeable improvement has taken place in the uptown Cumberland avenue district which has been undergoing the effects of the campaign during the past two days. With few exceptions the business men have given liberal cooperation in the matter of collecting and piling the rubbish from the back yards and vacant lots for the city wagons.

Members of the Woman's Club have been busy all week making investigations and noting the progress of the work. Those who have been slow in falling in line with the clean up program they have seen personally and have obtained promises to remedy the conditions.

Though the campaign has already done much to clean up the business district of the city there are many residential sections that have not been touched. Some persons, it has been noticed, have been in the habit of throwing fruit peels, food scraps and remnants of slain chickens out behind their houses. These decay and produce a stench that is both unwholesome and unhealthful. Such persons will be compelled by law to put garbage in covered receptacles as provided by city ordinance.

## GOOD RECORDS AT TRACK MEET

M. H. S. Boys Make Splendid Showing Yesterday—Porter Hopeful For State Meet

Excellent records were made by the M. H. S. boys at the inter-class track meet which took place at the ball park yesterday afternoon. Prof. R. E. Porter, athletic director, says they will make a good showing in the state meet at Lexington on May 4-5. Arrangements are being made to enter three or four of the boys at the meet.

Jack Chesney made the best showing at the meet yesterday, he having scored twenty and one-fourth points. Russ Brown was second with sixteen points. The Junior-Freshmen won against the Senior-Sophs with a score of 56-35.

Records made at the meet yesterday follow:  
100 yard dash won by Jack Chesney, time, ten and three-fifths seconds; Abe Euster and Russ Brown were second and third places; 220 yard dash, Jack Chesney, twenty-four and four-fifths seconds; Russ Brown and Humbert Terry won second and third places; 440 yard dash, fifty-seven second, Jack Chesney; Abe Euster and Jim Ginsburg took second and third places; 880 yards, two minutes thirty-three seconds, Abe Euster; Glenn Hied and Curtis Willis second and third; one mile five minutes fourteen seconds, Roddy Lambert; Kee Kinnard and Earl Sloan second and third.

High jump, five feet seven inches, Russ Brown and Jack Chesney tied for first place, Roy Lambert second. Shot put, Stearl Mays, thirty-two feet ten inches; Dan Gibson, Jim Ginsburg, second and third. Pole vault, Roy Lambert, seven feet four inches; Russ Brown, Earl Sloan, second and third. Broad jump, eighteen feet, Russ Brown, Jim Ginsburg and Henry Austin, second and third. Mile relay race was won by the Junior-Freshmen represented by Abe Euster, Jack Chesney, Curtis Willis, and Ben Vanheber.

## MISSISSIPPI CONGRESSMAN VISITS SON L. M. U. TEACHER

B. G. Lowry, congressman from the Second District of Mississippi, is the guest of his son, Prof. J. J. Lowry, of Lincoln Memorial University, on his way home from Washington. He also paid a visit to Middlesboro yesterday.

## UNSIGHTLY LOT BY OWSLEY GROCERY IS BEING TRANSFORMED

A noticeable step in the clean up campaign is the removal of the unsightly rough board benches from the northeast corner of Cumberland avenue and Nineteenth street. Attractive benches will be placed farther back on the lot for the benefit of those who find that time hangs heavily on their hands.

A board fence is now being made across the part of the lot near the Owsley store and this will be painted and contain attractive advertising matter when it is completed. Plans are also being considered by the Owsley firm which hold a lease on the lot to plant flowers in the vacant space and to have it electrically lighted at night.

## SENIOR PLAY "GREEN STOCKINGS" POSTPONED TILL MAY 1

Presentation of "Green Stockings," the M. H. S. Senior play, which was scheduled for next Friday night, will be at the high school auditorium on Thursday, May 4. Rehearsals are now taking place each day under the direction of Mrs. L. L. Humphrey and it is thought the amateurs will have mastered their lines thoroughly before the actual performance.

The play is in the nature of a comedy-drama and is said to be very entertaining. Those who will take part in the play are: Elizabeth Huxst, George Sewell, Doris Campbell, Florence Heaton, Vada Chumley, Ruth McClure, Sneed Friar, Rice Gibson and Cland Thomas. Leo Wardrup who was cast for the leading character will not be in the play and this part is yet to be assigned.

## Willis Baby Dies

The infant daughter of Mr. and Mrs. Lee W. Willis died at their home on Englewood Road at 10 o'clock Sunday morning. Funeral services were held Monday and interment was in the family cemetery near Tazewell.

## FRED TAMER BUYS ALASKA CONFECTIONERY TAKES CHARGE

Fred Tamer of Norton bought the Alaska Confectionery on Lothbury avenue from Rufus Crest yesterday and today took charge of the business. Mr. Tamer is well known here having been the proprietor of the News Stand until about a year ago. He will conduct the Alaska Confectionery along the same lines as it has heretofore been run except that the stocks will perhaps be increased. Mr. and Mrs. Tamer have moved here from Norton.

## METROPOLITAN INSURANCE NURSE MAKING MANY CALLS

Another agent will be added to the Metropolitan insurance company here, according to W. R. Estep, local manager. The Cumberland Gap, Harrogate and Shawanee territory will be worked by the new agent and he will also be given a debit in Middlesboro.

From eight to fourteen calls are being answered daily by the Metropolitan nurse which was added to their service recently. Mr. Estep stated. Policy holders seem to appreciate the service and to make good use of it.

Miss Estella Blackburn of Jefferson City, Tenn. is the guest here of Mr. and Mrs. C. A. Blackburn.

## FOR A BETTER MIDDLESBORO Specific improvements make up the details of a campaign for a BIGGER AND BETTER MIDDLESBORO, and a list is to be compiled of these details, for use from day to day. Today we are advocating:

That a general movement for street improvement be instituted immediately, with emphasis on repair and construction of Cumberland Avenue.

That a system of street marking be devised in this city so that a stranger or for that matter, a resident, can find his way around without undue inquiries.

That the spiritual side may not be neglected in the campaign for a Better Middlesboro, but rather that we should emphasize the importance of building spiritually as paramount to any material improvement.

That Middlesboro's lack of a fitting burial place be remedied and visions for a city cemetery be made.

That every citizen of Middlesboro lend his wholehearted support to the Clean Up, Paint Up, Plant Up Campaign to be launched next week.

That steps be taken to provide for an adequate Middlesboro.

## PROBE CHARGES GRAFT PRACTICED BY DRY AGENTS

Internal Revenue Bureau Starts Investigation—Data Indicates Agents Got Money Through Misrepresentation of Influence

NO INFORMATION FORTHCOMING TILL DEFINITE ACTION

By Associated Press.

WASHINGTON, Apr. 26.—Investigation into many charges of graft being practiced on or among Federal prohibition agents was begun by the Internal Revenue Bureau under which the prohibition unit operates. Treasury officials said today that considerable data was laid before Commissioner Blair but thus far inquiry has disclosed no losses to the government. There was no statement indicating whether present agents of prohibition forces were found guilty of graft but information which the bureau obtained is said to have indicated many former agents were able to obtain money through misrepresentation of their influence. No information will be disclosed until evidence warrants definite action.

## SUPPOSED CLARA PHILLIPS ARRESTED

Found in Honduras With Man and Woman Companions—Little Doubt of Identity

By Associated Press.

TEGUCIGALPA, Honduras, Apr. 26.—Clara Phillips, escaped California hammer murderess, with a woman companion was arrested here Saturday and is still held in a local jail awaiting full identification and extradition papers while a man who accompanied them is held in the penitentiary. The woman known as Mrs. Phillips refuses to admit her identity but discussed the crime attributed to her in such a way as to leave little doubt of her identity.

## START REBUILDING V. I. C. SIDETRACKS

Work of Cleaning Up and Overhauling Local Plant About Completed

Work of rebuilding and repairing the side tracks at the V. I. C. furnace here will begin at once, according to information received today. The first delay on an order for 1200 cross-ties was made yesterday. New rails, bolts and spikes for the rebuilding of the tracks outside and inside the tracks have also been contracted for.

Work of cleaning up the plant has been finished, it is understood and the more difficult work of overhauling the boilers and some of the machinery will be in charge of a master mechanic from the Roanoke furnace of the V. I. C. which began work on April 13.

The Roanoke plant was the second one of the V. I. C. furnaces to resume operation after an extended shutdown. The local furnace which is next to the largest owned by the fifteen million dollar corporation has a six-months' supply of ore on hand here now. Information as to the date when the furnace will be likely to begin work as not been received.

## TENTATIVE PLANS FOR MAY HEALTH EXHIBIT MADE

Educational Displays and Posters to Be Exhibited—Children Under School Age Examined For Physical Defects

WILL BE HELD MAY 17 TO 19—PLACE NOT YET SELECTED

Tentative plans for a health exhibit to be held here on May 17-19 have been made, according to Miss Wilhelmine Marx, general chairman of the work. Educational health exhibits and posters will be on display. Children of the pre-school age will be examined so that possible physical deficiencies may be corrected before they enter the public schools.

The building in which the exhibition will take place has not been decided upon. It is thought, however, that the vacant Shelburne building may be used, this depending on whether or not the walls are papered before the opening date of the event.

Children from two and one-half to six years of age will receive examination. Local physicians will conduct the examination. Parents who have children for examination are requested to have them registered before May 14, the closing date of the registration. Children may be registered by calling the office of Chas. G. Smyth over the Miss Edith Hart who is employed at telephone.

All the committees have not been named. Miss Marx is, by nature of her office as general chairman, a member of each committee. The incomplete list of committees follows:

Place, G. H. Talbott, equipment, Chas. G. Smyth and G. H. Talbott; program, Mrs. J. W. Charlton; parade, Charles Blackburn; scoring, Miss Henrietta Gordon; prizes, Mrs. F. D. Hart Jr., and Mrs. John Chesney.

The exhibit will be financed by the local Red Cross chapter. Miss Marx, local Red Cross nurse, will leave Saturday for Louisville where she will assist in the national health exhibit which will be held there all next week.

## OPEN NEW GOLF COURSE MAY 2

Directors of Country Club Authorize Increase of Fifty in Membership

A new golf course will be opened at the Country Club links on Saturday May 12, according to John Miller secretary of the club. Water mains will be laid to the greens and construction work will be completed by that time, it is thought.

Directors of the club have authorized an increase of fifty in the membership. The resident membership limit which was 100 has been full for some time and it is thought that several more members will come in now that the limit has been raised. The club has fifteen non-resident members.

## DR. DOUGLAS EXPECTS TO BE HERE NEXT WEDNESDAY

A letter from the Rev. Rutherford B. Douglas received this morning from C. A. Blackburn, states that the latter is making all preparations in regard to moving and that he expects to be in Middlesboro to conduct prayer meeting service at the Presbyterian church here, his new pastorate, next Wednesday night. However, he says that Mrs. Douglas has been ill again and, unless she is better they may not be able to come so soon.

The Rev. Douglas will conduct his first regular service as pastor of the local Presbyterian church, one week from Sunday May 6.

## Lady 'Betty' Becomes Duchess of York

DUKE AND DUCHESS OF YORK

## DUKE OF YORK AND LADY ELIZABETH ARE WED TODAY

Ceremony Performed in Westminster Abbey With Mid-Victorian Pomp Amid Tumultuous Demonstrations of Throngs

BRITISH THINK NEW DUCHESS MAY SOME DAY BE QUEEN

By Associated Press  
LONDON, Apr. 26.—Albert, Duke of York, was united in marriage with Lady Elizabeth Bowes-Lyon in solemn old Westminster Abbey at noon today, with pomp reminiscent of the Mid-Victorian era and amid the tumultuous demonstration of vast throngs that gathered to witness the wedding pageant.

LONDON, April 26.—When the British king's second son, the Duke of York, led Lady Elizabeth Bowes-Lyon to the altar today, the event had extraordinary interest because there is an increasing feeling that his wife will some day be queen of England.

Britons are more and more inclining to the belief that the handsome and tremendously popular Prince of Wales has decided to be a bachelor. At any rate, he is still heart-whole and fancy-free at an age when most

heirs to a throne are married and tearing a family.

Lady Elizabeth, immediately upon her marriage, will become fourth lady in the land. At all informal or state affairs she will rank only after Queen Mary, the Dowager Queen Alexandra and Princess Mary, Viscountess Lascelles.

There is every indication that the duke and his bride will be increasingly popular with the British people because of his genuine interest in industrial reform and she because of her good looks and pleasing ways.

The duke who is 28, has been trained both in the navy and in the air force. He is rather democratic in his ways and delights in learning firsthand what are conditions in big industrial plants. He is no lover of official fuss and feathers.

The duke has no property. His allowance of \$50,000 a year from the state was increased to \$125,000 today. His bride has no fortune either, so the couple will have to keep up their princely rank and perform all their public duties out of the prince's official allowance.

The duchess is the type of pretty girl who often does not take a good picture. She's not very tall, has dark hair and deep blue eyes and the pink complexion that is her heritage from her Scotch blood. She is well read, sings a bit, plays the piano, golfs only slightly, but is a keen dancer and tennis player.

## BUSINESS SITUATION MAY GROW GRAVE

Bankers See Danger of Mistakes Following War in Higher Wages and Prices

By Associated Press  
RUE, N. Y., Apr. 26.—Danger of overconfidence in the present business situation leading to a repetition of the mistakes committed by the business world following the war were pointed out in a report of the economic policy committee to the executive council of American Bankers Association here today. The committee looks "with concern upon the strong upward swing of wages and prices in many lines."

## PRELIMINARY HEARING OF BAKER'S SLAYER MONDAY

Preliminary hearing for George Woody, charged with killing William Baker Sunday night, will take place at 9 o'clock Monday morning before Judge J. S. Bingham. The judge was in town today for the purpose of hearing the trial but the case was postponed until Monday.

## PUBLISHERS REFUSE UNION CONTRACT

Union Printers and Mailers Want New Rule Contracts Made and Expire Jointly

By Associated Press  
NEW YORK, Apr. 26.—Members of the American Newspaper Publishers' Association today agreed not to negotiate contracts with union printers or mailers in compliance with the new amendment to the constitution of the International Typographical Union which provides such contract be made jointly and expire concurrently.

## STATE ENGINEER TO BE IN MIDDLESBORO MAY 1

An engineer from the state highway commission will be in Middlesboro about May 1 to check up on the East End paving work which will be done jointly by the city and the state, according to a communication recently received from the state by city officials. It was found impossible to send the engineer that the commission had intended to send and this was given as the reason for the delay.

## MAY 6 STATE GO TO S.-S. DAY

Cooperation of Every Sunday School in Bell County For Observance of Day Urged

May 6 is Go-to-Sunday-School Day throughout the state and the Bell County Sunday School Association is doing as much as it can to observe it. C. A. Blackburn, secretary of the county association, urges that every Sunday school in the county stress coming to Sunday school on that day.

The objectives of the day are listed as follows:

To encourage regularity and punctuality of attendance among Sunday school members in every Sunday school in Kentucky.

To concentrate for a period of several weeks the efforts of superintendents, teachers and Christian pupils upon the work of leading pupils and friends to acceptance and public confession of Christ as Savior.

To bring into the Sunday Schools of Kentucky as many new pupils as the churches are able to teach.

To create a greater interest in the work of the Sunday school and to bring a large number of visitors to the church and Sunday school service on Sunday, May 6th.

To unite the Sunday school people of the state in a definite program for the extension of the Kingdom of Christ by building up larger and better Sunday schools.

## CHRISTIAN CHURCH HAS BIG REVIVAL SERVICE LAST NIGHT

Decidedly the best service yet in the evangelistic series being conducted at the Christian church, was the meeting conducted last night. The church was so crowded that chairs had to be placed down the aisles to accommodate those who came to hear the Rev. Joel Lee Jones preach on "A Woman and Her Money."

The sermon subject tonight is "The Prodigal Son," and this service promises to be a big one, too. A delegation from Pineville will attend the service and the Oddfellows will come in a body. Sections of the church have been reserved for each of these bodies.

After the regular service last night, a meeting of the church members were held plans to further the revival to the best advantage were discussed and the various committees were assigned work. Much enthusiasm is being shown in the revival.

## CHANGE IN TIME L. AND N. TRAINS

Daily Passenger Service to Clover Fork

No. 11 to Arrive Fifteen

Minutes Earlier

Notice of a change of time in some of the trains on this division was given in a letter received today from C. W. Bailey, L. and N. freight agent. The announcement follows:

Effective April 29 1923, at 12:01 this company will issue a new time table indicating schedule of trains on this division. This time table will change the schedules of some mail and passenger trains. It will indicate the extension of passenger service daily on the Clover Fork Branch to Louellville, Ky. and a number of the passenger trains on the Clover Fork, Martin's Fork and Catron's Creek Branches. The time of train No. 11, will be changed to arrive at Middlesboro at 12:40 p. m. instead of 12:55 p. m. as at present.

## MEETING BAND MEMBERS ASPIRANTS CALLED TONIGHT

A meeting of Middlesboro musicians who wish to become members of the band now being organized will be held at the city hall at 7 o'clock tonight, according to Anthony L. Bisceglia who is in charge of the work.

Mr. Bisceglia says that a thirty-five piece band will be organized and that in a few weeks the members will have enough practice for public performance. Several business men have signified their willingness to financially back up the organization.

## CLEAN UP PROGRAM PROGRESSING WELL

Back of Furnace Section to Receive Attention Tomorrow—Cases of Filth Noticed

The section back of the furnace will receive the attention of the city cleanup workers tomorrow. This includes Ellenwood, Englewood, Leafwood, Fleetwood and Lynnwood roads, blocks 310 to 710 inclusive. Residents of this section are requested to have their rubbish collected in piles and to telephone the city hall so that it may be hauled away by the city draymen.

A noticeable improvement has taken place in the uptown Cumberland avenue district which has been undergoing the effects of the campaign during the past two days. With few exceptions the business men have given liberal cooperation in the matter of collecting and piling the rubbish from the back yards and vacant lots for the city wagons.

Members of the Woman's Club have been busy all week making investigations and noting the progress of the work. Those who have been slow to falling in line with the clean up program they have seen personally and have obtained promises to remedy the conditions.

Though the campaign has already done much to clean up the business district of the city there are many residential sections that have not been touched. Some persons, it has been noticed, have been in the habit of throwing fruit peels, food scraps and remnants of slain chickens out behind their houses. These decay and produce a stench that is both unwholesome and unhealthful. Such persons will be compelled by law to put garbage in covered receptacles as provided by city ordinance.

## GOOD RECORDS AT TRACK MEET

M. H. S. Boys Make Splendid Showing Yesterday—Porter Hopeful For State Meet

Excellent records were made by the M. H. S. boys at the inter-class track meet which took place at the ball park yesterday afternoon. Prof. R. E. Porter, athletic director, says they will make a good showing in the state meet at Lexington on May 4-5. Arrangements are being made to enter three or four of the boys at the meet.

Jack Chesney made the best showing at the meet yesterday, he having scored twenty and one-fourth points. Russ Brown was second with sixteen points. The Junior-Freshmen won against the Senior-Sophs with a score of 56-35.

Records made at the meet yesterday follow:

100 yard dash won by Jack Chesney, time, ten and three-fifths seconds; Abe Euster and Russ Brown won second and third places; 220 yard dash, Jack Chesney, twenty-four and four-fifths seconds; Russ Brown and Humbert Terry won second and third places; 440 yard dash, fifty-seven seconds, Jack Chesney; Abe Euster and Jim Ginsburg took second and third places; 880 yards, two minutes thirty-three seconds, Abe Euster; Glenn Hred and Curtis Willis second and third, one mile five minutes fourteen seconds, Roddy Lambert; Kee Kinnard and Earl Sloan second and third.

High jump, five feet seven inches, Russ Brown and Jack Chesney tied for first place. Roy Lambert second. Shot put, Stearl Mars, thirty-two feet ten inches; Dan Gibson, Jim Ginsburg, second and third. Pole vault, Roy Lambert, seven feet four inches. Russ Brown, Earl Sloan, second and third. Broad jump, eighteen feet, Russ Brown. Jim Ginsburg and Henry Austin, second and third. Mile relay race was won by the Junior-Freshmen represented by Abe Euster, Jack Chesney, Curtis Willis, and Ben Vanbeher.

## MISSISSIPPI CONGRESSMAN VISITS SON L. M. U. TEACHER

B. G. Lowry, congressman from the Second District of Mississippi, is the guest of his son, Prof. J. J. Lowry, of Lincoln Memorial University, on his way home from Washington. He also paid a visit to Middlesboro yesterday.

## UNUSUALLY LOT BY OWSLEY GROCERY IS BEING TRANSFORMED

A noticeable step in the clean up campaign is the removal of the unsightly rough board benches from the northeast corner of Cumberland avenue and Nineteenth street. Attractive benches will be placed farther back on the lot for the benefit of those who find that time hangs heavily on their hands.

A board fence is now being made across the part of the lot near the Owsley store and this will be painted and contain attractive advertising matter when it is completed. Plans are also being considered by the Owsley firm which hold a lease on the lot to plant flowers in the vacant space and to have it electrically lighted at night.

## SENIOR PLAY "GREEN STOCKINGS" POSTPONED TILL MAY 4

Presentation of "Green Stockings," the M. H. S. Senior play, which was scheduled for next Friday night, will be at the high school auditorium on Thursday, May 4. Rehearsals are now taking place each day under the direction of Mrs. L. L. Pumphrey and it is thought the amateurs will have mastered their lines thoroughly before the actual performance.

The play is in the nature of a comedy-drama and is said to be very entertaining. Those who will take part in the play are: Elizabeth Hurst, George Sewell, Doris Campbell, Florence Heaton, Vada Chumley, Ruth McClure, Sneed Friar, Rice Gibson and Chaud Thomas. Leo Wardrup who was cast for the leading character will not be in the play and this part is yet to be assigned.

## Willis Baby Dies

The infant daughter of Mr. and Mrs. Lee W. Willis died at their home on Englewood Road at 10 o'clock Sunday morning. Funeral services were held Monday and interment was in the family cemetery near Tazewell.

## FRED TAMER BUYS ALASKA CONFECTIONERY TAKES CHARGE

Fred Tamer of Norton bought the Alaska Confectionery on Lothbury avenue from Rufus Crest yesterday and today took charge of the business. Mr. Tamer is well known here having been the proprietor of the News Stand until about a year ago. He will conduct the Alaska Confectionery along the same lines as it has heretofore been run except that the stocks will perhaps be increased. Mr. and Mrs. Tamer have moved here from Norton.

## METROPOLITAN INSURANCE NURSE MAKING MANY CALLS

Another agent will be added to the Metropolitan insurance company here, according to W. R. Estep, local manager. The Cumberland Gap, Harrogate and Shawnee territory will be worked by the new agent and he will also be given a debit in Middlesboro.

From eight to fourteen calls are being answered daily by the Metropolitan nurse which was added to their service recently, Mr. Estep stated. Policy holders seem to appreciate the service and to make good use of it.

Miss Estella Blackburn of Jefferson City, Tenn. is the guest here of Mr. and Mrs. C. A. Blackburn.

## FOR A BETTER MIDDLESBORO

Specific improvements make up the details of a campaign for a BIGGER AND BETTER MIDDLESBORO, and a list is to be compiled of these details, for use from day to day. Today we are advocating:

That a general movement for street improvement be instituted immediately, with emphasis on repair and construction of Cumberland Avenue.

That a system of street marking be devised in this city so that a stranger or for that matter, a resident, can find his way around without undue inquiries.

That the spiritual side may not be neglected in the campaign for a Better Middlesboro, but rather that we should emphasize the importance of building spiritually as paramount to any material improvement.

That Middlesboro's lack of a fitting burial place be remedied and provisions for a city cemetery be made.

That every citizen of Middlesboro lend his wholehearted help in the Clean Up, Paint Up, Plant Up Campaign to be launched by the Woman's Club next week.

That steps be taken to provide for an adequate athletic field for Middlesboro.

## PROBE CHARGES GRAFT PRACTICED BY DRY AGENTS

Internal Revenue Bureau Starts Investigation—Data Indicates Agents Got Money Through Misrepresentation of Influence

NO INFORMATION FORTHCOMING TILL DEFINITE ACTION

By Associated Press  
WASHINGTON, Apr. 26.—Investigation into many charges of graft being practiced on or among Federal prohibition agents was begun by the Internal Revenue Bureau under which the prohibition unit operates. Treasury officials said today that considerable data was laid before Commissioner Blair but thus far inquiry has disclosed no losses to the government. There was no statement indicating whether present agents of prohibition forces were found guilty of graft but information which the bureau obtained is said to have indicated many former agents were able to obtain money through misrepresentation of their influence. No information will be disclosed until evidence warrants definite action.

## SUPPOSED CLARA PHILLIPS ARRESTED

Found in Honduras With Man and Woman Companions—Little Doubt of Identity

By Associated Press  
TEGUICIGALPA, Honduras, Apr. 26.—Clara Phillips, escaped California hammer murderer, with a woman companion was arrested here Saturday and is still held in a local jail awaiting full identification and extradition papers while a man who accompanied them is held in the penitentiary. The woman known as Mrs. Phillips refuses to admit her identity but discussed the crime attributed to her in such a way as to leave little doubt of her identity.

## START REBUILDING V. I. C. SIDETRACKS

Work of Cleaning Up and Overhauling Local Plant About Completed

Work of rebuilding and repairing the side tracks at the V. I. C. furnace here will begin at once, according to information received today. The first delivery on an order for 1200 cross-ties was made yesterday. New rails, bolts and spikes for the rebuilding of the tracks outside and inside the tracks have also been contracted for.

Work of cleaning up the plant has been finished, it is understood and the more difficult work of overhauling the boilers and some of the machinery will be in charge of a master mechanic from the Roanoke furnace of the V. I. C. which began work on April 13.

The Roanoke plant was the second one of the V. I. C. furnaces to resume operation after an extended shutdown. The local furnace which is next to the largest owned by the fifteen million dollar corporation has a six-months' supply of ore on hands here now. Information as to the date when the furnace will be likely to begin work has not been received.

#### A THOUGHT

Our fathers have sinned and are  
not; and we have borne their iniqui-  
ties.—Iam. 5:7.

Let wickedness escape as it may at  
the bar, it never fails of doing justice  
upon itself; for every guilty person is  
his own hangman.—Seneca.

#### CHILD DRIVERS AND AUTO ACCIDENTS

The recent injury of a pedestrian  
by an immature and incompetent driver  
forcefully brings to our minds the  
growing menace of allowing children  
to drive cars. A number of cases have  
been reported recently and it is little  
short of miraculous that more acci-  
dents have not occurred.

The state law provides that the driv-  
er of a motor vehicle must be over  
sixteen years old. Singularly enough,  
however both the officers and the gen-  
eral public seem to ignore enforcement  
or the existence of the law. Indeed,  
it is considered a humorous incident  
if a pedestrian makes a wild leap to  
dodge the car of an embryo speed de-  
mon.

A child so small that, standing, it  
could scarcely reach the steering wheel  
of a car was seen driving along a pub-  
lic street recently. A woman, its  
mother in all probability, was leaning  
back on the seat and apparently en-  
joying the "cute" trick of the baby.

Something must be done to stop  
this practice of allowing children to  
drive heavy cars. A lot of parents  
seem to think that as soon as a child  
is able to leave the baby carriage it  
should be allowed free use of the fam-  
ily car.

We have a traffic officer in Middles-  
boro and an excellent police court. A  
combination of these would, it is  
thought prove an effective remedy for  
the evil.

#### DESTRUCTION OF AMERICAN FORESTS

When our forefathers first placed  
foot on American soil, there was pres-  
ent in what is now the United States  
the finest and most magnificent body  
of timber that man ever knew. It  
has been competently estimated that  
the original virgin forest area of the  
United States was not less than \$22  
million acres bearing a stand of some-  
thing like 5,200 billion feet of timber  
is a stupendous amount. It is little  
wonder that our people thought it was  
inexhaustible. It is little wonder that  
they were careless with fire and that  
waste was the order of the day.

Today, we realize that only two-  
fifths of this original supply remains  
and that the forest area has been re-  
duced to 50 per cent of the original.  
Had we used this wealth of timber,  
it would be bad enough, but to have  
wasted a large part of it to have made  
\$1 million acres of barren unproductive  
waste land out of a once beautiful and  
useful forest should make every one  
of us pause and resolve that this ruth-  
less destruction shall not continue.

The United States Forest Service is  
authority for the statement that forest  
fires annually destroy two billion feet  
of timber, or material enough to build  
a five room frame house every hundred  
on both sides of a road extending  
from New York to Chicago. With four  
people to a house, these 100,000 or more  
buildings would provide a home for  
nearly one-fourth our yearly increase  
in population—a number sufficient to  
populate a new city each year the size  
of Cincinnati, New Orleans, Minne-  
apolis, Kansas City or Seattle. More  
than 100,000 forest fires have occurred

In the United States during the past  
five years, 80 per cent of which were  
due to human agencies and therefore  
preventable. These fires burned over  
56,488,000 acres—an area greater than  
that included within the states of Ohio  
and Pennsylvania—and destroyed  
\$85,700,000 worth of timber and prop-  
erty. If this needless waste were  
stopped and the material thus saved  
put into houses, the various business  
interests concerned in building con-  
struction, such as lumber dealers, car-  
penters, masons and supply houses—  
would benefit to the extent of more  
than \$400,000,000 annually. Bankers  
and real estate dealers would also pro-  
fit through the sale of land and by  
loans on homes to the extent of an  
additional \$300,000,000. Forest fires are  
therefore of vital concern, not only to  
the everyday citizens, but to every  
business man and laborer.

#### THE OPEN FORUM

##### Some Clean Up Places

Editor Daily News: A few places not-  
ed early this morning as needing the  
services of the Clean Up Squad:

North 21st Street between Cumber-  
land Avenue and the Canal. Here are  
found heaps of bricks, broken boxes  
and other rubbish, which are not only  
unsightly but prevent the use of this  
street for its intended purposes.

The space between the Brosheer-  
Brummett Hospital and the Manning  
Theatre. Bricks, broken stones and  
concrete, pieces of boards and other  
refuse.

Lothbury Avenue, south side, be-  
tween bridge and rear of Nineteenth  
Street Drug Store. Broken bottles, old  
boards, heaps of bricks and concrete,  
rusty cans, old cloths.

The East side of Wilderness Road  
between Bloomsbury and Danbury av-  
enues. This is the most unsightly place  
so far found and what makes it so  
noticeable is being on the Boone Trail  
and the main entrance from the North  
to this city. This is a fenced enclosure  
and seemingly is being used as ap-  
parently dumping place for all manner of  
refuse, such as broken bottles, old  
rusty cans, and tinware of all descrip-  
tions, and all other refuse. Part of  
the fenced enclosure is apparently on  
the street and part on the adjoining  
lots. This is not only unsightly and

unhealthy, but is so conspicuous that  
each and every person coming to this  
city and viewing this would want to  
make all speed away from a city that  
would permit such a thing on its main  
entrance highway. F. S. Lee.

have a hot time.

#### Do you know Baseball? by Bill Evans

##### Questions

ONE—A runner steals second, but  
overslides and is touched out. Does  
he get credit for a stolen base?

TWO—Has a batsman who hits the  
ball the right to stop and retrace his  
steps toward the plate if he so desires?

THREE—If a fielder muffs a foul  
fly ball, and the batsman is later re-  
tired before reaching first, is the muff  
scored as an error?

FOUR—Ground rules gives batsman  
two bases on a hit to a certain part  
of the field. The ball bounds out, is  
recovered, and batter is thrown out  
trying to go to third. What is the  
ruling?

FIVE—Runner on first starts to  
steal second, field umpire is hit by  
the ball thrown by the catcher. It  
goes into right field, and runner tries  
for third but is thrown out. What  
about the play?

Answers  
ONE—He does not receive credit  
for a stolen base.

TWO—Batsman can stop between  
first and home just as between any  
other bases, if he so desires.

THREE—The fielder is charged  
with an error on a palpable muff, re-  
gardless of what later happens.

FOUR—The ball was dead the mo-  
ment it went into unrestricted terri-  
tory. It was impossible to retire the  
runner who should have been sent  
back to second.

FIVE—The ball is in play, and the  
fielder made a proper play when he  
threw the runner out at third.

#### LETTER FROM LESLIE PRES- COTT TO LESLIE PRES- COTT (CONTINUED)

When Jack came back from his  
breakfast which took him an uncon-  
sionably long time, my self pity had  
reached the hysterical stage and he  
found me with my head buried in the  
pillow shaking with sobs.

I fully expected him to take me  
in his arms and comfort me. He had  
never seen me cry before and even  
dad gave me anything I wanted when  
I wept. But Jack did nothing of the  
kind. Instead he said "Leslie I wish  
you would get up, wash your face and  
come out here in the sitting room. Be  
at least sensible if not reasonable."

This unkind remark did not make  
me any happier, but to show him that  
I realized the full import of the words,  
"to love, honor and obey" I immedi-  
ately went into the bath room and bathed  
my eyes in cold water.

When I came out and seated myself  
it was with my face to the light. For  
the first time in my life I wanted  
Jack to see me looking my worst. I  
wanted him to see the ravages his un-  
kindness had made.

He looked at me appraisingly, I  
thought, and after a little hesitancy  
he began. "I am sorry that this has  
happened, Leslie."

"Not more than I," I interrupted.  
"But," he continued as if I had not  
spoken, "perhaps it is just as well we  
come at once to an understanding."

"All my life, Leslie, I have been  
very jealous of my personal liberty.  
You have met my mother and you  
must realize how I have had to fight  
for it. And even now that I am mar-  
ried, to you dear girl, I must have cer-  
tain things both mental and material  
that are my very own if we would  
either of us be happy."

Again I interrupted. "Then we are  
not one?"

"Use your brain, Leslie, surely you  
have one," he impatiently remarked.  
"Of course we are not one. No sen-  
sible person believes that few words  
mumbled by someone over two people  
make them one and indivisible."

"That part of the marriage cere-  
mony which is supposed to fuse two  
people into one was conceived in that  
beginning of time when man was the  
absolute custodian of his wife. They  
were one and he was the one."

"In this day and age we know that  
no woman will stand for this and if  
I know you, Leslie, you will stand  
for it less than any other woman. I  
certainly have no disposition to be a  
despot."

# THE NEWS FROM PINEVILLE

## PLAN INTER-CITY KIWANIS MEETING

Red Bird Program for Pineville Club  
Friday Night—Many Going  
to Red Bird Saturday

PINEVILLE, Apr. 26.—The board of directors of the Pineville Kiwanis Club met Tuesday night and made plans for the inter-city meeting which will be held at the Pineville Hotel Friday night, May 4. The members of clubs from Middlesboro, Harlan, Barbourville, Corbin and Pineville will be present and it is expected that one or two clubs in cities of Tennessee will send representatives.

Mercer Bell is in charge of the reception committee and will see that cars are provided for the meeting of the guests at trains and arrange for their comfort while here. R. H. Charlton will have charge of the decorations and house features, and Dick Barker has charge of the arrangement of the program. He has been given power to commandeer any member of the Club for any service that he desires.

The address of welcome will be given by Will Ward Duffield of Harlan, who will preside and responses will be made by members of the various clubs represented.

The Kiwanis Club of Pineville postponed its regular meeting Tuesday night to Friday night of this week when the Red Bird program will be

given and it will also be Ladies Night. Following the program Friday night between thirty and forty people will make the trip to Red Bird Saturday morning to attend the commencement exercises of the settlement school when eight pupils will be graduated from the eighth grade. A number of out-of-town guests will be included in this party.

The trip will be made by train to Lebanon and from there on horseback. The party will return to Pineville Saturday night.

## SUPERVISORS TO REVISE TAX LIST

Urges Ordinance to Fine Absent  
Council Men at Meeting  
Monday Night

PINEVILLE, Apr. 26.—The city council received the assessor's books at its meeting Monday night. The city board of supervisors composed of Ray Moss, George Marting and Rice Johnson, was called to meet Wednesday to make whatever corrections were necessary in the tax list. Notices will then be sent out notifying the people of the changes made.

Quite a heated argument was staged when the question of fining members of the council for absences was brought up. Some members urged the passing of an ordinance fining each member \$5 when absent others thought that that was too much since their compensation is only \$3.

A few sidewalk ordinances were passed and other routine business.

Asks Divorce From L. O. Miracle  
PINEVILLE, Apr. 26.—Sophia Miracle yesterday filed suit for divorce against Lee Otis Miracle. She states in her petition that they were married December 29, 1921, and that he has abandoned her and her baby girl, June, four months old. She asks for \$2,000 permanent alimony and \$50 monthly alimony for their support.

## BUSY GETTING REMAINDER PAGE ROAD RIGHT OF WAY

PINEVILLE, Apr. 26.—C. C. Cornett, N. T. Arnett and T. P. Gibson went out Wednesday to try to secure the remainder of the right of way between Page and the Bell county line for the proposed highway along this route. The distance is twelve miles but most of the right of way has been secured. It was hoped that yesterday would finish up this work.

Tom Hembree Tried For Stilling  
PINEVILLE, Apr. 26.—Tom Hembree of Knox county was tried before Judge J. G. Rollins Wednesday for stilling. He was bound over to the London term of court under a \$500 bond.

## PINEVILLE PERSONALS

Senator White L. Moss went to Richmond Wednesday on business.

Mrs. Lynn Golden went to Knoxville Tuesday to do some shopping.

The Rev. A. A. Ford of Barbourville was in Pineville yesterday the guest of the Rev. and Mrs. Howard J. Brazelton. Mr. Ford is pastor of the Christian church at Barbourville.

## TAZEVELL NOTES

### CLAIBORNE COUNTY HIGH ACTIVITIES LAST WEEK

TAZEVELL, Tenn., April 26.—The Senior Class of the Claiborne County High School enjoyed two very pleasant outings last week. On last Thursday evening, the Junior Class entertained the Senior class with a picnic supper on the Springdale Pike.

The Senior class and members of the faculty had a pleasant trip to the Pinnacle and to the Fern Lake at Middlesboro, Kentucky, last Saturday. The members of the class are: Madge Lenbow, Beatrice Payne, Lon Davis, Kleber Chamley, Howard Hurst, Roy Lee Carmon, Clay Youkum, Oley Mountain, Odra Carr, and Clyde Baumgardner.

W. S. Jaynes Better  
TAZEVELL, Tenn., April 26.—W. S. Jaynes, Prohibition Enforcement Offi-

cer, who was wounded in a fight with moonshiners near Jellico, sometime ago, was in town Saturday and says that he is improving rapidly.

## PERSONALS

Judge J. H. S. Morison was here on business Monday.

Judge John Jennings, Jr., Taylor Drinnon, J. R. Keron and Cass Jarvis were in Tazewell Sunday on their way to Sneedville to attend Chancery Court.

Reverend Cross, pastor of the Baptist church, and family are guests of Mrs. James P. Kivitt. Mr. Cross is moving into the Baptist parsonage and will soon take charge of the church. C. M. Franklin, County Agent, spent the week-end with his home at Rutledge.

Mrs. James Davis of Beaumont, Texas, is visiting her brother, Mr. J. H. Chumley.

Wm. I. Davis is in Knoxville this week on business.

## Ewing Notes

Mr. and Mrs. Robert Richmond and children of Irvine and Major Charles B. Richmond of Greenbrier, W. Va., have been visiting their parents, Mr. and Mrs. J. S. B. Richmond. They were called here on account of the death of their grandmother, Mrs. Mary E. McLin.

Mr. and Mrs. W. F. Rowlett and family spent Sunday with Mr. and Mrs. Elbert Jones.

Mrs. Jessie B. Smith and B. T. Blessing went to Middlesboro Friday to accompany their nephew, Oscar Blessing, to his home there.

Mr. and Mrs. F. M. Crockett returned home Sunday night after an absence of several days. The latter had been visiting relatives in Jonesville and the former has been in the eastern part of Virginia.

A large number of people from Bristol, Knoxville, Jonesville, Middlesboro, Abingdon and other towns were here Monday to attend the funeral of Mrs. M. E. McLin of Rose Hill.

Mr. and Mrs. W. V. Ritchie and family and Rhea Thomas of New Tazewell spent Sunday with Mr. and Mrs. H. T. Ritchie.

## L. C. I. GIRLS LOSE TO DRYDEN BUT BOYS WIN

EWING, Va., April 26.—The boys and girls of the L. C. I. ball teams went to Dryden Saturday where they met the D. H. S. team in the championship series. The basketball game resulted in a veritable landslide for Dryden, the score being 52 to 2. This was not very surprising in view of

the fact that the Dryden team has not been defeated either this year or last. When the basketball game was over it seemed that it would be hard even to get a crowd to the baseball game as the other had been so one-sided. But the Ewing boys soon aroused interest and redeemed the name of L. C. I. by running a victory of 17 to 1. A good crowd from both towns saw the games.

## Notice!

We have moved our office and coal and transfer business from Central Coal Yard to Sixteenth Street and Amesbury Avenue. We have just received another new truck. We have three trucks and teams. ## SAVE YOUR HOURS

—Buy a "Three-In-One" Machine;  
write your letters or statements  
and add and subtract your totals  
all at the same time.

## REMINGTON Typewriters

Do you know that Remington builds a machine that in addition to typing, will also do your adding and subtracting! When you have finished an invoice, you have the total before you with not one bit more effort than would be required to write the invoice on an ordinary typewriter. If you wish to show a credit on this invoice, it is automatically deducted and the total shows the net amount due from the customer. This machine is just as simple and operates just as easily as an ordinary typewriter—your stenographer or bill clerk can operate this machine with no additional effort and save at least one third of the time ordinarily spent in turning out invoices or statements.

## Time Means Money

Time means money, everybody knows this, and if you can save one third of the time, you, of course, will save one third of the money, or, at least, get one third more work for the same amount of money, by using a Remington Adding and Subtracting Typewriter.

## A Good Investment

It will be to your advantage to investigate this machine—a demonstration will convince you of the enormous saving in time and money, it will bring to your office.

## CATS

One has eyes aglow with greenish light. (So curiously does she her course pursue.)

A coat of soft black fur—  
And, should her lustrous back be  
stroked just right  
Caressingly she'll purr.

But careful be! For those small padded  
paws  
Unseen at will the cruellest of claws!

Eyes like violets, the other's; all  
The sun's warmth in her hair,  
full,

From curving lips endearing accents  
Her face is angel-fair,  
But how to rags and tatters she will  
read  
The fads and frailties of her dearest  
friend!

Dame Nature planned the cats should  
scratch

And sweetly purr, as well,  
Yet, when Grimalkin's tactics Jane  
essays to match,

'Tis difficult to tell  
Which is the greater feline of the two

## RENEWED TESTIMONY

No one in Middlesboro who suffers backache, headaches or distressing urinary ills can afford to ignore this Middlesboro man's twice-told story. It is confirmed testimony that no resident of Middlesboro can doubt.

W. R. Oaks, prop. grocery, 29th and Worcester, Ave. says: "I had attacks of kidney trouble and my kidneys acted too frequently and irregularly. I had a soreness and dull aching across my back and I felt tired. Doan's Kidney Pills from Lee & Co.'s drug store regulated my kidneys and rid me of the backaches. I know Doan's are a fine remedy."

The above statement was given November 3, 1916 and on March 16, 1921, Mr. Oaks added: "I use Doan's Kidney Pills every now and then and they certainly are all that is claimed for them and I am glad to recommend them again as I did in 1916."

# VOCATIONAL AGRICULTURE AT L. M. U. DOING A BIG WORK

Commencement visitors will be interested in inspecting the work of a new department—that of Vocational Agriculture. Though established less than a year ago, this department has thoroughly demonstrated its practicability and is adapting its work to needs of the region. This year the students have erected hog houses, poultry houses, brooder houses, brooder coops, hotbeds, cold frames, and many other farm necessities. They have pruned and sprayed fruit trees, treated sick cattle, planted seed potatoes, tested seed corn, and made themselves generally useful to the neighbors while learning farming.

A visit to the Smith-Hughes Building (Formerly Science Hall) will show that the work being given is of practical value. On the first floor are the shops, while on the second floor are the laboratories, the instructor's office the library and reading room.

Back of the building are several rows of hot beds in which a student is raising plants for market and for his own half acre garden project. Hotbeds, frames and sash were built by this student and paid for by him. He is raising early tomatoes for the Middlesboro market.

On the Ridge Road, above the hotbeds, is one of the poultry projects. An Alabama boy is raising Rhode Island Red Chickens, and has a fine start toward a good size flock. The poultry house was built out of old

lumber by the students (as a class project). Just beyond the poultry house is the garage for our new Fordson tractor, loaned to the department by Mr. Henry Ford, who is interested in having the boys learn farming in a really practical way. This little garage was built entirely by students in the vocational agriculture work.

Passing through the Ridge Road gate, we see down the hill to the left, three brooder houses in which students are raising chickens as a part of their poultry project. These houses represent an investment (made by students) of several hundred dollars. They built the houses, dug post holes, stretched wire, and are caring for the chickens, looking forward to profitable returns later.

Beyond the brooder houses are two hog lots, one for the fourteen Hampshire pigs (owned by two students) the other for four Duroc-Jersey brood sows, from which two other students expect to realize profitable returns.

The university market garden is being operated as a project by one of our horticultural students.

On surrounding farms, and far over into Virginia, are thirty more plants and animal projects, fully as interesting though not so accessible as those on the campus.

The Department of Vocational Agriculture, under Federal supervision and receiving Federal aid, has plenty of visible evidence of its value, both to the school, of which it is a part, and to this mountain region, so badly in need of just this type of instruction. "We learn by doing." Don't fail to see this addition to Lincoln Memorial University.—Prof F. C. Grantham, B. S. A., M. S. Lincoln Memorial University.

## COMMENCEMENT PROGRAM STARTS MAY 6 AT L. M. U.

Graduates From Fourteen States—Sermon by John Wesley Hill Begins Services—Many Activities During Week

GOV. AUSTIN PEAY OF TENNESSEE GRADUATION SPEAKER

HARROGATE, Tenn., April 25.—

The Twenty-Sixth Annual Commencement will be held at Lincoln Memorial University beginning with the sermon to the graduating class by John Wesley Hill, A.M., LL.D., Litt

at 10:30 Sunday, May 6. There will be nineteen graduates receiving degrees this year in the Spring and Summer commencements one more than last year, and there will be thirty-five or forty to be graduated from the Academy in the Spring and Summer commencements. These graduates come from twelve or fourteen different states. The states furnishing the largest number of graduates are as follows: Tennessee, Kentucky, Virginia, Georgia, Alabama and North Carolina. These students are drawn almost entirely from the Appalachian System.

On Sunday evening at 7:30 the address to the Young Women's and the Young Men's Christian Associations will be delivered by the Honorable R. C. Cole, Congressman from the sixth District of Ohio. The Sunday addresses will come from two very distinguished orators and the program in every feature will be strong and interesting.

**Directors' Meeting Sunday**  
The Annual meeting of the Board of Directors will take place on Sunday morning at 9:00. The Board has some very important business to consider. Among the number of important

items will be the consideration of the president for next year. At 10:30 Monday morning, May 7, our annual oratorical contest will be held. The successful winner in this contest receives a gold medal, given by Hon. Warner L. Carver of Boston, Mass. This medal together with the following other medals will be awarded on Commencement Day: Debaters Medal awarded by Dr. Reese Patterson of Knoxville in honor of his father, Col. Robert F. Patterson, the winner of this medal J. Odus Sharp.

The Kester's Medal awarded by J. Albert Robbins of Knoxville, won by Miss Lucile Goforth. Declaimer's Medal awarded by H. S. Howerd, winner Ned Watts. Two gold flag pins awarded by the National Woman's Relief Corps. winners to be announced later.

There is also an agricultural medal awarded by Mr. Lon Harmon, winner to be announced later. Rush Strong Medal for an essay on The Value of Truth—winner to be announced.

A prize of \$25. for an essay on Dumb Animals given by Miss Alice Morgan Wright, winner to be announced later, also prize essay of \$25 on Lincoln, winner to be announced later. The latter is known as the Judd Stewart prize.

**Monday Is Class Day**  
At 2:30 Monday afternoon, College Class Day Exercise. The class is giving special attention to the exercises this year and a very interesting program is promised.

At 7:30 Monday evening is our annual concert. This annual concert always draws a very large audience and we are expecting a tremendous crowd this year and a most interesting program.

Tuesday May 8 at 10:30 the Ellen Myers Entertainment will take place. This entertainment is of special local interest and also it appeals very much to the many friends in different parts of the United States since many of the children taking part live at the Grace Nettleton Orphan Home. The program this year promises to be an interesting one.

At 2:30 in the afternoon is a baseball game between our first team and the old students who have won for themselves an enviable reputation as ball players in past years.

The Banquet and the Alumni Meet will be held at Cumberland Hotel at Middlesboro at 8:00.

At 7:30 in the University Auditorium there will be a most interesting address delivered by one of our most renowned dieticians, Dr. Kellogg of the Battle Creek Sanitarium, Battle Creek, Mich.

**Home Coming of Alumni**  
On Wednesday May 9, the exercises begin at 10:30 with an address to the graduating class to be delivered by Honorable Wade Ellis, Ex-Archbishop General of the State of Ohio. Dr. Ellis is a speaker of unusual ability. We are also expecting an address from Governor Peay of the State of Tennessee. Governor Peay is at present the State Executive and every citizen within the range of many miles of our campus should come to hear Governor Peay.

In addition to these very attractive features of our program, we are expecting a Home Coming of old friends and students of Lincoln Memorial University and a large number of our old graduates will also be present. At 1:30 in the afternoon there will be a reunion of old students. At 2:30 in the afternoon there will be our annual base ball game between our old students and our present ball team. The outlook is good for an unusually large attendance upon all these exercises.

The Summer Term gives promise of being the most largely attended in the history of the school. Never has there been so many students writing in that they expect to attend the summer quarter, which begins Monday May 14. A strong faculty is provided consisting pretty largely of the regular college, reinforced by such men as Principal R. H. Leonard of Claiborne County faculty of Lincoln Memorial University High School, Tazewell, Tenn., who will have charge of the Rural Education.

## WOMEN VOTERS MEET FRIDAY

Kentucky League Will Take Hand in Practical Politics at Convention This Week

By Associated Press.

LOUISVILLE, Ky., April 25.— Women of Kentucky are to be given an opportunity to clinch with practical politics when the State League of Women Voters meets here for its annual convention, April 27-28, according to Mrs. Samuel C. Henning, state president.

"In the months since their enfranchisement women citizens have learned much, because they have studied public questions with awakened interest," Mrs. Henning declared. "They now are ready to pluck the fruits of that study by using their votes and influence in practical matters in which they have especial concern."

"Those things the women decide to do in their conference at the convention is very likely to find their way into definite action next fall when the polls open."

Questions that have been placed on the program for discussion at the convention include international affairs, child welfare, Kentucky election laws, jury platforms and efficiency in governmental departments.

Presentation is to be made to members of the convention or copies of the "Digest of Kentucky Election Laws". This volume, prepared by the law faculty of the University of Kentucky, thus will make its initial appearance at the convention. Dr. Frank L. McVey, president of the university, will deliver the presentation address.

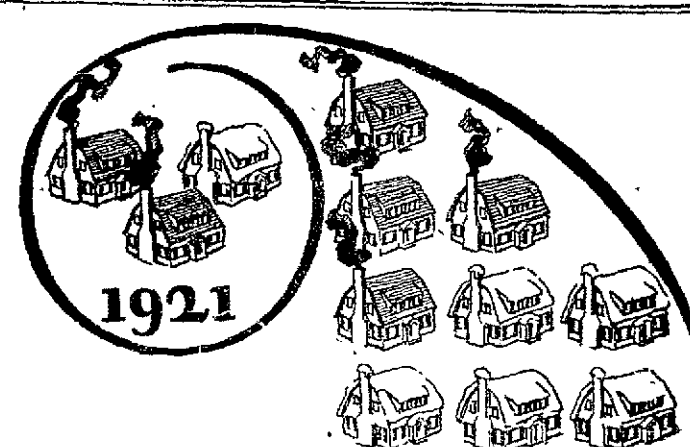

Discussion of party platforms is to be led by the chairman of the democratic and republican state committees. Judge Charles Hardin, Harrodsburg and Robert W. Hunter, Providence

The question of child welfare, particularly as it is related to state and federal acts giving medical aid to mothers, is to be presented by Dr. Anna Rude Washington, director of the National Bureau of Child Hygiene.

One of the questions of major interest that is to be brought before the convention for consideration will be that of the relation of the United States to international affairs.

Miss Ruth Morgan, United States Red Cross Commissioner to France during the World War and present chairman of the National League of Women Voters committee on International Co-operation to Prevent War, will be the principal speaker on the subject. That she will discuss the question of entrance by the United States into the Permanent International Court of Justice, as a proponent of the proposal has been forecast.

Three times  
as many homes are  
being built this year  
—yet in 1921, 5,000 had to go  
without ARCOLA

THIS FALL the disappointment will be greater.

Home building is three times greater and no more ARCOLAS are available than in 1921, because orders for larger Ideal Boilers have already over-taxed our factories.

Remember, an ARCOLA installation means a genuine American Radiator in every room. Healthful radiator warmth; protection for the children from colds. And so economical that it pays for itself in the fuel it saves.

Please help us to avoid disappointing you next Fall. Let your Heating Contractor give you an estimate today.

## ARCOLA Heating Outfit

Installed ready to use with radiator in each room

Under normal conditions \$180 to \$550 Plus Freight

FOR SMALL HOMES AND STORES

AMERICAN RADIATOR COMPANY  
Ideal Boilers and American Radiators for every heating need

## The only cap that's right for rainy-day wear—"SURE-FIT"

THE ONLY cap, we repeat. A strong statement, that—but consider the facts: Suppose it's blowing like all sixty. You take hold of the little strap on your "SURE-FIT", snug it in a bit as you would your belt—and that cap'll sit tight till your head blows off!

Suppose you're out for some time in the rain. Any cap'll

shrink then. You'd be darned uncomfortable in an ordinary cap. But you just ease out the strap in your "SURE-FIT" and go on smilingly.

Tight or loose, or in-between, your "SURE-FIT" always fits—comfortably, perfectly.

And, if you get one of the show-proofed "SURE-FITS" you'll be cock o' the walk so far as head-gear is concerned. The show-proofing process keeps the cap in shape, improves its finish, makes it last longer, and sheds showers like a duck.

See the new Fifth Avenue styles and patterns that have just come in. Prices the same as you'd pay for any stylish cap—and you get "SURE-FIT" unrivalled comfort.

# Endurance Test of Pee Gee Mastic Paint

This house—one of the finest in Toledo—was painted several years ago with Pee Gee Mastic Paint.

Instead of repainting it, the owner had it washed at two different times. The results surprised even the experienced painters, as the paint stood this rigid test perfectly.

Only a paint that produces a tile-like film, such as Pee Gee Mastic Paint, can be successfully washed.

This exceptional durability of Pee Gee Mastic Paint is the result of purest and highest grade materials. A full 50% of Zinc ground in genuine Linseed Oil and White Lead goes into the making of Pee Gee Mastic Paint.

It is the most economical paint for you to use on account of its great covering capacity and long years of service.

## KIWANIS CLUB WILL TAKE INITIATIVE IN COMMUNITY CHEST

Cooperation in Clean-Up Urged, Matter  
Athletic Field Discussed—  
George Schenk Chair-  
man Today

JUDGE T. G. ANDERSON WAS  
CHIEF SPEAKER OF DAY

Resolutions to support and to take the initiative in the Community Chest movement for Middlesboro were passed at the Kiwanis meeting this afternoon and a committee was appointed to confer with other organizations in regard to the matter.

Tentative estimates of the amounts which various charitable organizations would need were given, the total being \$12,500. These figures, it was explained, were merely to give some idea of the amounts needed. Those appointed as a committee to make preliminary plans for the Community Chest were: Major E. S. Helburn, H. H. Overton and P. M. Parsons.

Several short speeches were made by members and visitors in which they declared themselves enthusiastically in favor of the movement. Walter M. Black, accountant of Knoxville, told how Knoxvilleans put over the drive for \$100,000 there.

The question of providing an adequate athletic field for Middlesboro was raised. It was said that the present ball park could be used for two years yet but that the owner would not permit the exclusive use of it for that period. A. P. Liebig said that plans were being considered by the club to provide a field.

T. R. Hill and Prof. J. W. Bradner made stirring speeches urging cooperation in the clean-up campaign which is being conducted by the Woman's Club. Club members were urged first to see that their own premises and back lots were cleaned then to use their influence to cause others to clean up.

Judge T. G. Anderson was the guest speaker of the day. He praised the work done in Middlesboro by the Kiwanis and said that it had "contributed more than any other body for the good of the town." He said that it never endorsed radical or "lop-sided" movements, that their initiative in the Community Chest work is an example of the good work they are doing.

George Schenk was chairman of the meeting. Rev. Joel Lee Jones, evangelist, who is conducting the Christian revival, made a short talk.

The Oskaloosa Quartet (Oskaloosa's in Iowa), headed by Roy C. Gillette, will help keep the music going at the Atlanta Convention. The quartet is making arrangements to broadcast a radio program for the folks back home from Atlanta WSB. They made a big hit at the New Orleans Convention of the American Legion, as all four are ex-service men.

You Kiwanians who also are radio bugs, get ready to tune in on Atlanta—WSB and WGM. We're going to begin giving you some Kiwanis songs and chats in a little while, so you can begin getting acquainted even before you arrive.

Do you worry over railroad fares? Harold E. Steer doesn't. He is going to walk all the way from Scranton, Pennsylvania, not because he hasn't the price, but because he likes it. Harold hiked to Toronto last summer, but is ripe for more punishment. He has written to inquire about the best routes.

Then there's Tyler J. Roscoe, of Franklin, Tennessee Kiwanis Club, who has written to inquire about parking space for his airplane, announcing that he will drop in on us by the air route. Any other aviators who would like to fly down to Dixie, please make early reservations for the landing field. We don't want to overcrowd it.

Twelve special trains are now announced for Atlanta May 28 to 31. Two will bring the folks from Chicago's fourteen clubs, with some of their neighbors. The New York special will also bring many of the Canadians. Others are booked to leave Dallas, Texas; St. Paul, Indianapolis, Cleveland, Pennsylvania, Boston, Atlantic City, Washington and Florida points.

You'll be reading a lot about Stone Mountain and its great monument in the next few weeks, because Gutzon Borglum, the sculptor, is getting down to brass tacks on starting the carving, with a big send off a week or so before the Convention. Be sure to see it while you are here. Just an hour's ride over wellpaved roads—one of the boys will take you out if you'll only mention it.

"What sort of clothes?" your wife will be asking. Summer things, about what she'd wear at home. It will be warm during the day and cool enough for light wraps during the evening. Sport clothes will be much in evidence—and she'll want a dancing frock, kind of informal. As for yourself, you won't need a swallow tail or even a tux. A clean collar and a pair of white pants fixes you for the evenings.
